ITINERARY

Day 1 Reykjavik

Upon arrival transfer from the airport to the hotel in Reykjavik in a private car with an English-speaking driver. Your driver will have a sign with your name on it in the arrival hall.

Afternoon at your own leisure.

At 10:00pm, join a small group for a **Northern Lights Cruise**. On this approximately 2.5-hour tour we encounter many other interesting sights. We cruise along the beautiful coastline and enjoy the city lights from a different view! When particles from the sun hit earth's atmosphere it creates a bright light with colours fluctuating in hues of green to red to sometimes purple. While our main goal in this tour is to see the Northern Lights, we can enjoy the clean ocean breeze and gaze at the starry night sky while we wait. We get to see Harpa Reykjavik Concert Hall & Conference Centre from another angle. Along the coastline we see the art sculpture Sun Voyager, a dream boat and an ode to the sun and the famous house Höfði, where the agreement to end the Cold War was signed in 1986.

Our experienced crew will keep an eye out for the Aurora Borealis activity to find the best route, while you enjoy the scenery from the vast darkness behind the small islands in Faxa bay (Faxaflói). Among them is one of Iceland's most famous Islands, **Viðey** where the Imagine Peace Tower by Yoko Ono's lights up the night sky from October 9th – December 8th and few other days. If it gets chilly you can wrap around you a warm blanket or purchase a hot beverage from our on-board shop where we offer a selection of light refreshments. On board you will find information and educational multimedia about the Northern Lights.

This deluxe cruise offers a more personal service and less crowded scenery with fewer passengers. With the new interior refitted 2018-19 you will experience the magnificent northern lights in a truly luxurious experience you will never forget!

After a wonderful evening and back at the Old Harbour, it is a short walk back to your hotel.

Overnight stay in Reykjavik at **The Edition**.

Breakfast

REYKJAVIK

Reykjavík Golden Circle Skalakot

After breakfast, pick up from your hotel.

This morning you will be met by your own private **customized Super Jeep** with huge tires along with your knowledgeable English-speaking driver/guide for an all-day tour. Start your **Icelandic Odyssey** with driving a mountain track to Iceland's second largest glacier, **Langjökull**, where we will snowmobile and blaze across the white plains of the glacier for one hour. (2 snowmobile's – 1 to share and 1 for solo use).

Your journey continues east past the lava fields and to **Thingvellir national park**, where the Icelandic parliament was established in 930 AD and the Eurasian- and North American tectonic plates meet, which have formed a large crevice in the lava while slowly drifting apart. After a walk around the area, you continue onwards to the Geysir area where the enormous geothermal heat in the ground has formed several hot springs. Among them is Geysir, from which the English word geyser takes its meaning and Strokkur, which spouts boiling water 25-30 meters high in the air every 5 minutes or so. From Geysir it's a short drive to Gullfoss waterfall which cascades 32 meters down a canyon in two steps.

After an adventurous day you will be taken to your country-like lodge hotel.

Overnight stay in Skalakot at **Skalakot Manor**.

The Northern Lights, also called Aurora Borealis are one of the most spectacular shows on this earth and can frequently be seen in Iceland from September through early April on cold, clear and crisp nights.
